What to study and where?

**This guide shows you all the major subjects
offered at each university.**

Correct as at March 2026

2027

How to use this guide

This guide shows every undergraduate degree and majors across all eight of Aotearoa New Zealand's universities. Your major is the subject you decide to specialise in or study in-depth within an undergraduate degree.

Go through the list of qualifications (page 6 onwards) and highlight any of interest.

If you're not sure about a qualification, check which university offers it, jump on their website and type in the name of the major in the search bar. This should give you details about the subject.

Once you've found a major you're interested in, check the university's website for entry requirements.

Read through pages 2 - 5 for key considerations when choosing a university.

Ko tēhea te whare wānanga mōu? Choosing a university

A little planning will help you make the most of the opportunities at university.

All eight New Zealand universities are ranked in the top 5% in the world and offer quality tertiary education and student support—so they're all good options!

Some things you may want to consider:

What do I love doing? What are my future goals?

Which universities offer what I want to study?

What is the vibe of the university?

Where is the campus located? Is it in a city, out of town, or close to home?

Does the university have all the facilities I'd want?

Is there university accommodation - Halls of Residence?

What student support services are available?

A university is a community offering a range of support services and facilities on campus to enable you to achieve your best, and to keep you motivated on your study journey.

Even if you are considering studying by distance, you still have access to a range of support services. Check out the map below!

Scholarships

Scholarships are a smart way to fund your study. You should apply for every scholarship you are eligible for.

Studylink

Work out how you're going to fund your study and living costs.

studylink.govt.nz/starting-study

Student Loans - Help pay for course fees, study materials and living costs. Just remember it's a loan you will pay back.

Halls of Residence

Halls of residence (or residential colleges) provide a welcoming community, usually for full-time first-year students.

Māori

All universities offer a range of opportunities, services, spaces and facilities specifically for ākonga Māori.

Success for Māori is success for everyone and improving outcomes for Māori is an ongoing priority for all the universities.

Pacific

A range of support services, study spaces and mentoring programmes are designed specifically for Pacific students.

Every university has Pacific student groups that offer events - social, cultural and academic. Taking part is a great way to meet people and be involved with Pacific cultures on campus.
